Eager to contribute in a dynamic, challenging setting, leveraging skills to drive personal and organizational growth. Proven proactive and focused approach as a student, adept at swiftly mastering new technical concepts and applying them effectively. Excited about the prospect of utilizing expertise to make meaningful contributions to the team and organization. Passionate about continuous learning and professional development in a collaborative environment.

EDUCATION

Bachelor of Computer Application, Minor in Graphics and Design | Amity University Rajasthan | CGPA: 7.7

Higher Secondary | Modern School | Gandhidham | Percentage: 66%

Secondary | Modern School | Gandhidham | Percentage: 75%

PROJECTS

Care Cloud: A Healthcare Website

- Developed a healthcare web platform using HTML, CSS and Javascript that enables seamless communication between patients and healthcare providers. The site features appointment scheduling, patient record management, and telehealth integration, designed to improve accessibility and streamline healthcare services. Built with a user-friendly interface.

Chat Application

- Engineered a Java chat application utilizing sockets for seamless communication; architected a serverside module managing client connections and message routing, while crafting a client-side component enabling interactive chat interface for message exchange.

Todo list App

- Create a Python-based to-do list app, enabling task addition, deletion, and viewing. Utilize local text file storage for data persistence, offering a straightforward task management solution.

SKILLS

Languages: HTML, CSS, Python, Java, C, MYSQL , Javascript.

Developer Tools: VS Code, Git Bash, Android Studio, PyCharm.

Graphics Design Software: Photoshop, Auto CAD, SketchUp, Flash, CorelDraw.

EXPERIENCE

Web Developer Intern | Shweta Softwares | Gandhidham | 21st June 2022 – 19th August 2022

Worked on Django as a backend development intern skilled in Python to aid in web app development. Responsibilities involve backend logic implementation, database handling, API integration, and cooperation with frontend teams. Prior experience with Django framework and understanding of web development principles preferred.

Java Developer Intern | Dabotics India Private Limited | Noida | 1st September 2024 – 30th September 2024

Gained hands-on experience in Java development, working on real-world projects. It's a one month virtual Internship provided by the firm. Utilized Core Java for backend development and collaborated in an agile environment. Improved debugging, problem-solving, and project collaboration skills through virtual teamwork and mentor guidance.

HACKATHONS

Web Tech Hackathon: Innovative with Finnance and Healthcare | Hunar Intern

Participated in the **Web Tech Hackathon: Innovate with Finance and Healthcare** by **Hunar Intern** organization offers a chance to collaborate, innovate, and develop web solutions within a limited time. It's a great platform to enhance coding skills, learn new technologies, network with peers, and gain industry exposure, with opportunities for prizes or internships.
